**GREENING
THE FUTURE**

ONECLEEN360

OneCleen360 is an eco-friendly, non-toxic Enzymatic Thermophilic Emulsion which is a synergistic blend of natural herbal extracts having active ingredients such as Citronellol, Limonene, d-limonene, Geraniol, Citral, Pinene, Cineol, Emulsifier and adjuvants.

1. Sanitizer

OneCleen360 effectively controls the following pathogens: Escheria coli, Coliform, Salmonella, Pseudomonas aeruginosa, Staphylococcus aureus, Mycobacterium tuberculosis, Fungus spp

2. Disinfectant

OneCleen360 provides strong activity for the destruction of pathogens that can cause harm to human beings where such properties are non-existent in most E.M. systems.

4-in-1 Multi-Purpose Treatment

Multi-functional use for any mal-odour neutralisation and the destruction of pathogens which causes rotting or putrefaction as well as pest and insects suppression.

3. Odour Neutralizer

The commonly felt malodour are compromised of Hydrogen Sulphide, Ammonia, Methane, Mercaptans, and Iso-Valeric Compounds. These are effectively neutralized through **OneCleen360**. The gases above are not only neutralized but their regeneration is also prevented for up to 5 days with spraying of the product.

4. Insect Activity Suppressor

OneCleen360 suppresses the activity of insects, both by repelling and reducing their flying activities. It also suppresses their breeding cycle.

Creating Hygienic Living and Working Conditions

OneCleen360 is an integral part of Bio-Composting Plants, Waste Transfer Stations, Waste Disposal Dump Yards, Food Processing Facilities, Hotels, Restaurants, etc., which provide for the creation of hygienic living and working conditions in the home and work place.
